MISS MARGARET HENRY IS DEAD

Prominent Maryville Woman Had Opened Opportunity's Doors to Thousands

New Providence Church Filled With Friends to Pay Tribute to Memory

Miss Margaret Henry, in charge of the scholarship fund of Maryville College, and one of the town's most talented and loved women, died in a Knoxville hospital last Friday morning. The body was brought to Maryville for burial. The funeral service was conducted at the New Providence church Sunday afternoon, in the presence of hundreds of friends of the deceased. Rev. H. S. Lyle, D. D., pastor of the church, was in charge of the services, assisted by Dr. S. T. Wilson, president of the college, who delivered a beautiful eulogy to the life and work of Miss Henry. Prof. Gillingham, of the college faculty, read resolutions adopted by the teachers of the college.

During the past thirteen years, Miss Henry had secured as scholarship funds for the college more than \$120,000, and thus hundreds of boys and girls have been enabled to come to the college, who would have been deprived of an education, had not some means been afforded them. Her death is a distinct loss to the college and the town.

Miss Henry was born in Blount county, her parents being William Jasper Henry and Mrs. Eliza Smith Henry. Her father died a prisoner of war in 1863. Her mother, with whom Miss Henry made her home, Continued to last page

SCHOOL TERM TOO SHORT

Only A Five and One-Half Months' Session is Promised This Year

With Special Building Appropriation, Term Could Easily be Made Eight Months

The public schools of Blount county will open early in August. Teachers will be elected the latter part of this month. As yet, a sufficient number of teachers have not qualified to fill all places in the county. About twenty-five have not passed all of the studies on which examinations were given. Other exams will be given Friday and Saturday of this week.

It is not known just what length the term will be this year. However, Superintendent Broadly said it would likely be five and one-half months, though she should like to make it six if possible. The amount of money received from the county and state this year should be slightly in advance of last year. The superintendent stated Monday that the county has about as much school money on hands now as at this time one year ago.

June 30, last year, school money on hands amounted to \$28,784.28. School buildings were erected, and these have been paid for, as far as completed. The amount spent for school buildings during the year ending June 30, 1915, was \$6,120.

Of course the buildings were not completed at that time, and some has been paid on these since that date. The buildings erected last year were the Cades Cove building, which is not completed; the Niles Ferry road

The sheriff says he is going to go after whisky sellers, and the people of Maryville and Blount county will support him in his efforts. And if all arrested and charged with liquor selling are bound over to Judge Brown's court, all we can say is "good night boys."
